

# WHEELERS LANE PRIMARY SCHOOL

Your child is about to become a published author!

Dear Parent / Carer,

We are excited to be launching Pobble, a teacher founded website for publishing our pupils' writing online. As well as allowing you to read and engage with your child's writing, it gives your child an audience for their work, providing them with a purpose, proven to impact attainment.

To link your email address with your child's account (you will receive an email whenever your child's writing is published) and to confirm your permission for your child to use some elements of Pobble, please select from the options below.

**1. Please supply us with your e-mail address on the return slip below**

You will receive an email next week from Pobble. When received, please click on the link within the email to activate your account and link it to your child's account.

**2. If you do not have an email address but would still like your child to use Pobble:**

Please fill in the form below, leaving the email address line blank. Although you will not receive an email when your child's writing is shared, you can still find your child's work on Pobble.

**Further information:**

Pobble is used by schools all over the world to safely share and celebrate children's writing. To read some of the wonderful work being shared by other children, visit [www.pobble.com](http://www.pobble.com).

To learn more about Pobble's approach to e-safety and how they will commit to keeping your child safe online, please read Pobble's guide to e-safety at the following link: <http://bit.ly/pobble-e-safety>.

Please do not hesitate to get in touch with your class teacher if you have any questions.

Yours sincerely,

Headteacher
