

Hello,

Services for Education, who provide us with our music lessons in school, have been busy putting together some learning resources and videos for children to access.

There are sections linked to the instruments that the children have been learning in Year 4 and videos to accompany this. If you have your musical instrument at home, why not practise the skills you already know and maybe some new ones. The music teachers have also posted videos where they are teaching different songs. What song will you learn to play?

There are also resources for other musical instruments and a section on vocal so please feel free to use the other resources. The videos may not necessarily include the teachers we would normally have at Wheelers Lane. Services for Education have sent us the login details which are below.

Please let us know how you have got on. We'd love to hear about it!

Miss Hickman, Miss Fletcher and Mrs Hobkirk-Smith.
