

Hello Nursery,

I hope you all had a lovely weekend. Did you manage to learn a new song or make an obstacle course? I would love to see any of your learning at home. Please remember to email the school enquiry@wheelerslane-pri.bham.sch.uk with anything you would like to share with me. I was so excited to call some of you last week. I loved hearing your voices. I have tried to call everyone but didn't manage to get through to you all. I will try again next week. I know Miss Masters and Mrs. Naureen loved speaking to some of you too! Keep on being super stars for you adults at home and hopefully we can see each other soon.

Love,

Mrs Hodges x

Phonics, Literacy, Communication and Language

Challenges of the week.

Read, read and read lots of books. Can you talk about your favourite book. Can you help retell your favourite story?

Listen to Jolly phonics (Phase 2) on YouTube. Consolidate the sounds from last week Oo and Cc. The activities that are listed below are to support teaching the new sounds this week. **Really emphasis** that these activities begin with the sound that they are learning!

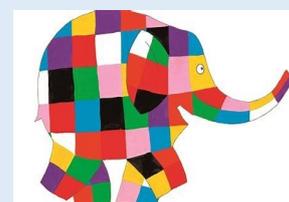

Activities to support the teaching of 'Kk'

Make a **kite** / jump around like a kangaroo (further activities are found in the physical development section) / kind- show k, k, k kindness

Activities to support the teaching of 'Ee'

Draw and decorate and **elephant** like Elmer the Elephant / make a picture for family or friends and put it in an **envelope**.

Physical development

Challenges of the Week.

Continue to practise writing your name. Can you write some of the letters you have learnt over the past few weeks (s, a, t, p, i, n, m, d, g, o, c). You could try and make these letters with playdough.

Can you become a kangaroo? How do they move. Can you hop, jump and bounce? What other animals can you become. Ask your adult to shout out an animal name, can you become that animal. Remember to think about how it moves. Can you move like a different animal and encourage your adult to guess what animal it is. Get your body moving in lots of different ways. Have fun!

Mathematics

Challenges of the week.

Can you find your favourite toys. Lets count them. Can you remember how to count accurately? Lets put the toys in a line and touch them as you count. This will help you count the correct amount. Can you say the numbers in the correct order. Repeat this with different toys and objects.

Can you count things when you are out and about? We went to the park and counted the trees, ducks and leaves. What can you count?

Oxford Owl has a range of fun games and activities:

Mindful Magic

Challenges of the week.

As we are learning the 'k' sound this week, I have made a kindness handprint heart with my children at home. You can talk to your adult about all of the kind things that you do. Have a look in the PSED folder in the Home Learning section for more information about this activity.

Phase 2 Sounds

s 	a 	t 	p 	i 	n 	m 	d 
g 	o 	c 	k 	ck 	e 	u 	r 
h 	b 	f 	ff 	l 	ll 	ss 	

Number Formation

Can you trace the numbers?

0 1 2 3 4 5

6 7 8 9 10
